

You Take Care Of Me

Words & Music by
Mike R. Schuster

You take care of me
As You promised, You supply my every need
I offer all I have to You
Knowing You, and You alone, will see me through

In the Centre of Your will is where I want to be
Living out the thoughts and plans You have for me
Trusting fully in Your all-sufficiency
As You take care of me
You take care of me

You take care of me
Through times of turmoil and this world's uncertainty
I know You hear my call
And You will answer me in ways both big and small

In the Centre of Your will is where I want to be
Living out the thoughts and plans You have for me
Trusting fully in Your all-sufficiency
As You take care of me (You take care of me)
You take care of me

I want to hear Your voice
As in my heart and in my mind I make this choice
Should I stay or should I go
Should I take it fast, or should I take it slow

In the Centre of Your will is where I want to be
Living out the thoughts and plans You have for me
Trusting fully in Your all-sufficiency
As You take care of me (You take care of me)
You take care of me (You take care of me)

In the Centre of Your will is where I want to be
Living out the thoughts and plans You have for me
Trusting fully in Your all-sufficiency
As You take care of me (You take care of me)
You take care of me (You take care of me)
You take care... of me
